# Candlestick Basics

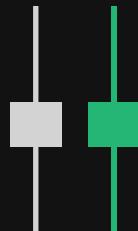

## 1 Momentum candle

This is your entry candle.  
The candle shows strong  
momentum in trade direction.

## 2 Indecision candle

The candle shows weakness.  
Bulls and bear equal.  
We don't have any clear  
direction.

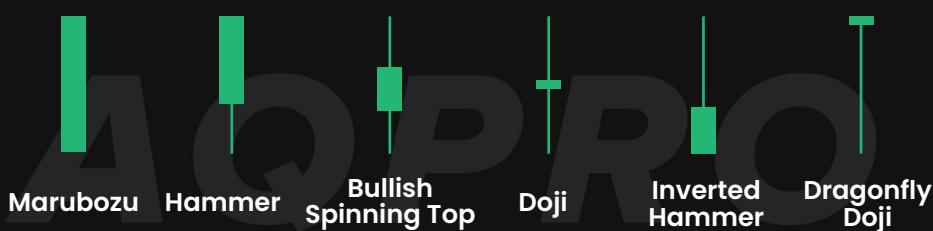

## 3 Wick rejection candle

Candle fails to break a certain  
level. Price is likely to reverse or  
continue.

# Risk Reward Ratio

## CALCULATE YOUR TRADE SIZE

Set a **fixed win ratio** for your trades and stick to it. You can be **profitable** even with a negative win rate.

Most traders use a risk reward ratio between 1:5 and 1:2.

- Don't exit trades too early
- Always set your stoploss
- Trail stoploss when in profits

Risk Reward Ratio	Win Ratio Required For Break Even
1:1	----- 50%
1:2	----- 33%
1:3	----- 25%
